CHURCH VIEW CARE HOME

A home away from home in the peaceful village of Stanwell.

**A residential nursing home catering
for Elderly Frail and the
Elderly affected by Dementia**

Situated in Stanwell Village, on Falcon Drive Church View Care Home has a warm and homely welcome. Our home has 78 rooms, purpose built, modern and caters for older people providing 24 hour care. It is very close to the town centre enabling residents and their relative's access to local amenities. The home is on a local bus route and reasonably close to three train stations; Hatton Cross, Ashford and Staines.

The Grounds

The home has beautifully landscaped gardens and a very spacious courtyard with several parking spaces. The twenty four rooms on the ground floor have Patio doors leading onto the garden. Weather permitting residents can spend time sitting in the garden or enjoying a walk round the home.

The Rooms

All bedrooms are light and airy with many enjoying views across the village. We provide remote controlled televisions, elegant furnishings, smoke detectors, telephone points along with 24 hours nurse call systems in all bedrooms.

Sociable Areas

The home has the most modern facilities, six separate units each one with its own lounge and dining area.

Residents have the choice of relaxing in these comfortable, well furnished and beautifully decorated lounges complete with flat screen televisions which have freeview channels.

Daily Activities

Stimulating daily activities are essential for encouraging healthy bodies and minds. Residents have a variety of activities to choose from on a daily basis. Personal interests are encouraged, including cooking, painting, card games and quizzes. Entertainers visit the home regularly to ensure our residents have an enjoyable and stimulating experience.

We also organise visits to the local pub for lunch, walks in the park or we might go out shopping or for afternoon tea.

We have a hairdresser and a massage therapist who visit weekly.
